Summary

p. 207

Letter from Walter Butler to Capt. Matthews, General
Heldmann's secretary, dated Montreal 2nd February, 1780

"I have a man of the name of Pencil who served formerly in the Royal Americans, he has an old Mother who is upwards of 70 who he obliged to attend constantly; he says if he was allowed a little provision for her he could make out to save as much from his pay, would pay for some family to take charge of her. But otherwise he will be lost to the service. He is a man of good character and very fitted for the service he is in".

"I mentioned to Captain McDonnell the distress of several men having families (whom I discharged last spring as having too large families) for the want of provisions, likewise that several men still of the Rangers, as having families, were sent down from Niagara in order to ease the Garrison in the article of Provisions, & now is so high a price that they cannot afford to purchase it."
